The Glass Factory is a working studio, open all year round by appointment & during special events like Whanganui's Artists' Open Studios.

It houses the Kitchen Gallery that exhibits art work for viewing or purchase.

David's Introductory Kiln Glass workshops can also be arranged for small groups on request.

Born and brought up in New York, David Traub gained his Masters degree in London and Stourbridge in England before emigrating to New Zealand in 1995 to head the Glass programmes at Wanganui Polytechnic.

David's passion for glass has spanned a career that has seen his work exhibited and selected for numerous publications.

He's an expert on contemporary glass; knowledge he enjoys sharing as much in Whanganui as in England when a visiting lecturer for Sotheby's.

David now works from his studio in Whanganui where he continues his love of teaching small workshops. He was the recipient of the prestigious Cavalier New Zealand Artists in Glass Award, and his work is in public and private collections throughout New Zealand, Australia, USA, Brazil and Europe.
